AMENDMENTS TO THE SPECIFICATION begin on page 4 of this paper.

REMARKS/ARGUMENTS begin on page 2 of this paper.

REMARKS

Applicant respectfully requests reconsideration of the instant application on the basis of the amended specification.

Changes to the Specification

The specification has been changed to add a reference to figure 6.

The correction to the specification does not introduce new subject matter since it merely states what is obvious from the drawings, which may be relied upon for disclosure purposes. M.P.E.P. § 2163.06 and M.P.E.P. § 608.04 states that "the applicant may rely not only on the specification and drawing" to establish a disclosure.
